

# Aloe Vera of America | Aloe Fields Tours

1401 S Inspiration Blvd, Alton, TX 78573

Aloe Vera of America is excited to welcome you home for Global Rally 2018! The farming and juice factory operation is located approximately 500 miles (800km) south of Dallas, Texas. For those interested in making the journey to see where Forever's Aloe is grown and harvested in the USA, we're opening our doors for a few select days before and after FGR18.

## Touring the Field and Operations

- Observe field maintenance practices & the Aloe in its plant form
- Observe how the Aloe Vera leaves are transported and washed
- Observe the Aloe Vera leaf trim process
- Observe the Aloe gel extraction process with our filet machines
- Observe the Aloe gel inspection process
- Observe our new aseptic manufacturing and aseptic bulk filling operation

There will be ample time to take pictures or videos in the Aloe field and in the factory. **Please note:** depending on time of day of your tour, you may not see all of the above on your tour.

## How to Reach the Facilities

- If you are driving from Dallas, it will take approximately eight hours to arrive to the facility.
- If you are flying, you will fly into the McAllen (MFE) airport. From the McAllen airport, it is approximately a 20 to 25-minute drive to our facility.

The plantation can accommodate 40 people on one tour and each tour will last approximately 2.5 hrs.

## Tour Dates

- Tuesday 24 April 2018
- Wednesday 25 April 2018
- Monday 30 April 2018
- Tuesday 1 May 2018

## Hours of Operation

6:30 AM to 3:00 PM

To book your tour, please contact Graciela Becho by email at [Gbecho@avoa-mission.com](mailto:Gbecho@avoa-mission.com). (Transportation and accommodations to and from the Aloe fields is the responsibility of the Forever Business Owner.)
