REXEL MANAGED INVENTORY

INVENTORY MANAGEMENT SOLUTIONS

REXEL - Your **Go-To** Partner for **Solutions** That Work

At Rexel our mission is to support our partners and help them run a better business. By providing a broad range of innovative products and solutions we deliver our customers best-in-class service and support.

PRODUCTIVITY THAT WORKS WHERE YOU DO

Inventory Management - Optimizing Productivity

What percentage of your company's dollars are going towards inventory management? Poor inventory control can lead to costly emergencies and inefficiencies, diminishing the productivity of your employees and the business. You can't afford to run out of material when it is needed most. On the other hand, overstocking can tie up cash and necessary shelf space. So what do you do?

Turn to Rexel! The first step to proper Inventory Management is knowing the appropriate system and flow for your business, to maintain effective and efficient operations. Regardless of inventory type - whether it's for service, manufacturing, maintenance, or installation - Rexel has the tools and expertise to ensure your business utilizes the proper inventory management system to deliver maximum value.

DESIGN

Solution & Service experts help manage your specifications and design the appropriate process flow to maximize your team's productivity. Features include on-site inventory, dedicated Rexel labor, and Rexel managed inventory to the point of use.

EXECUTE

Rexel's Inventory Management platform delivers a seamless user experience to streamline employee efforts, while increasing control & visibility. Whether inventory is stored on-site within a trailer, or right in your own store room, Rexel's VMI solution keeps the product flowing.

SERVICE

Experienced Rexel Account Managers help accomplish on-site tasks; delivering and restocking the materials, scanning for replenishment, and providing the necessary reports to consistently monitor and improve inventory.

SOLUTIONS TAILORED TO YOUR BUSINESS

Inventory Management - Custom Design

We understand each business is unique, and that one size doesn't fit all, which is why our specialists work with you to understand your business needs and develop a professional inventory management plan and evaluation. Let us help you determine what's right for your business operations including; Min & Max Values, On Hand Visibility & Control, and Order Management, all while delivering the right platform and tools to simplify your solution and maximize productivity.

OUR CUSTOMERS ARE THE CENTER OF OUR BUSINESS

OEM

Leading OEMs across the country partner with Rexel to meet deadlines and the complicated processes of meeting and exceeding customer expectations. Your customers' satisfaction and problems are as important to Rexel as our own business. Don't let a lack of control and visibility dampen your team's productivity and time-to-market. Schedule an appointment to evaluate our design, execution and support solutions that solve your customers' problems. Rexel Managed Inventory can help you keep your customers satisfied by ensuring you always have the right materials at the appropriate stock levels when you need them.

MRO

Downtime shouldn't be a concern you have to deal with. Consistent flow of operations is a necessity in your business, and Rexel Managed Inventory can help you achieve constant production levels. We work directly with the Plant Managers, Maintenance Managers, and Technicians to deliver the right product in the right location, maximizing your operational efficiency.

CONTRACTOR

Whether you're servicing the residential, commercial, or industrial markets, the productivity of your teams is what drives customer satisfaction. Having the right processes in place can simplify the project at hand. With Rexel Managed Inventory, we help you achieve the success of that project in a timely manner. We can deliver Inventory Management for Service Vans, On-Site Conexs, or right in your own storefront.
